The Laser and IPL Machine Sales Company provides the latest state-of-the-art affordable solutions for your practice, clinic or salon. We offer a comprehensive selection of products and services to enhance your business offering solutions for operating efficient services for your aesthetic applications.

We operate in conjunction with our sister company The Academy of Beauty Training who are able to offer outstanding high quality accredited training in all aspects of the beauty and laser industry specializing in training courses we offer and discounts on systems on many systems sold through our academy.

If you are not travelling by car, transport will be arranged to convey you from the local train station or airport and take you back to the train station/airport after your course. We also supply en-suite 6\* accommodation FREE OF CHARGE which is located next to the Academy for anyone travelling from afar. Please call for details.

**THE TRAINING**

The Academy of Beauty Training delivers what we believe to be the PREMIER training in the UK and Ireland & Europe. The delivery of all our courses is carried out to a very high standard by highly qualified lecturers.

All 30 of our training courses are accredited and recognised by leading industry Insurance Companies and your Academy of Beauty Training Certificates are awarded on successful completion of your course which will enable you to gain insurance and to commence work legally in the public sector.

We supply all relevant consultation and aftercare leaflets for all courses including Laser and IPL specialist documentation supplied for all training courses.

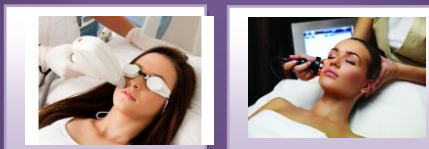

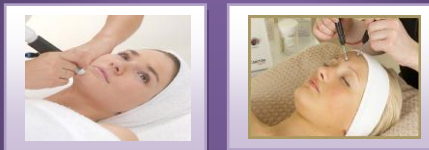

The 'Academy of Beauty Training' was set up to offer salons and clinics both specialist training and discount on new systems.

We have proved such a success because of the theoretical and practical training offered on our range of laser and other specialist treatments and because we understand the concerns, dreams and aspirations of proprietors of salons and clinics.

Also the unleashing of your full earning potential by offering these specialist treatments to your clients past, present and future will make your salon stand out from the crowd. You can turn your business into the success story you have always dreamed of.

Our specialist training also includes laser and IPL courses delivered by lecturers who are friendly and courteous. All our specialist courses are designed to be learner centred, exciting and innovative and guarantee you an exceptionally high standard of training, enabling you to gain the confidence needed to perform these specialist treatments within your clinic/salon.

Only by doing this will you achieve the high standard of skills necessary to offer a professional service to your clients with complete confidence. This will set you above the rest of the competition in your area. For more information please call Academy of Beauty Training.
